***ATTENTION!!!!**

GM used one of two different remotes in 2001 and they do not interchange. Please check the numbers on the back of your current remote to make sure they match this one. If you are sure you have the factory RKE system and you do not have a remote, there is no way to tell which one you need for 2001. Your choice is to buy both, and return the one that does not work for a refund. We cannot tell you which one you need, nor can the dealer.
